📍 Thiruninravur, Chennai – 602024

PROFESSIONAL SUMMARY

UI/UX Designer with **2+ years of professional experience** delivering user-centered web design and product design solutions. Skilled in **UX research, wireframing, prototyping, and design systems**, with hands-on expertise in Figma. Possess a basic understanding of **HTML, CSS, JavaScript and Bootstrap**, enabling smooth collaboration and efficient design-to-development handoff. Focused on creating intuitive, accessible, and responsive user interfaces that improve user engagement and usability. Experienced in applying data-driven insights, user feedback, and usability testing to enhance overall user experience.

SKILL

UX/UI Design Skills:

- User-Centered Design (UCD) and UX Problem-Solving to create intuitive and user-focused digital experiences, design thinking, user journey mapping, information architecture
- User Research, Competitor Analysis, and Usability Testing, including user interviews, feedback analysis, and data-driven design decisions, survey design, persona creation
- Wireframing, Prototyping, and Mockups using modern tools to visualize and validate design concepts effectively, low-fidelity and high-fidelity prototypes, user flows
- Interaction Design and Visual Design focused on creating engaging, consistent, and accessible user interfaces, responsive design, accessibility standards (WCAG)
- Design Systems and Scalable UI Components to maintain consistency and improve design-to-development efficiency, component libraries, design documentation, developer handoff
- AI-Powered UX and Data-Driven Design leveraging insights, metrics, and AI tools to enhance user experience, A/B testing, performance optimization, analytics tools

Tools & Technologies

- **Tools:** Figma, Adobe XD, Photoshop, Illustrator, Balsamiq, Sketch & Advanced Excel, Power Point - Basic, Word - Basic
- **Frontend :** HTML5, CSS3, Bootstrap, JavaScript (Basic)

PROFESSIONAL EXPERIENCE

UI/UX Designer & Web Developer - RsoftAi

May 2024 - Till Now

- Executed end-to-end UI/UX design for web design, CRM, and ERP platforms, including competitor analysis, from user research to high-fidelity designs and developer handoff
- Designed intuitive user experiences for chatbot, WhatsApp bot, and AI voice assistant solutions, improving user engagement by 25% through usability enhancements
- Built scalable design systems and reusable UI components for inventory management and product-based applications, reducing inconsistencies by 40%
- Improved accessibility compliance by 30% by applying WCAG guidelines across survey forms, query forms, and enterprise dashboards
- Optimized UI performance and advanced reporting dashboards, reducing page load time by 35% and enhancing data visualization usability
- Collaborated with developers on React and Material UI implementations for web and mobile design across CRM, ERP, and chatbot systems, ensuring smooth design-to-development handoff
- Conducted user research, competitor analysis, usability testing, A/B testing, and survey form analysis in Agile environments to improve product performance

PROFESSIONAL EXPERIENCE

BlindMatrix - Senior Data Migration Analyst

Jun 2022 - 2024

- Efficiently managed application data setup and tailored formulas, while optimizing e-commerce functionality for seamless client operations.

RR Donnelley - Senior Admin Associate

Sep 2018 - 2022

- Experienced in generating MIS reports, managing client mail, and delivering productivity reports. Skilled in problem-solving, performance analysis, financial reporting, and leadership.

PROJECT

CRM

- Designed **advanced reports and interactive dashboards** with custom list views, improving data visibility and reducing analysis time by 30%
- Created intuitive **bulk actions (bulk update, bulk edit, bulk communication) workflows**, reducing manual effort and increasing operational efficiency by 35%
- Developed seamless **email, SMS, and automation workflows**, enhancing customer engagement and response rates by 25%
- Designed **click-to-call** functionality and optimized user flows for faster communication, improving sales team productivity by 20%

Chat Bot

- Designed chatbot experiences for **survey forms, AI voice assistant, and WhatsApp bot**, improving user interaction and engagement by 30%
- Created intuitive conversational flows for **smart visiting card chatbot and lead capture systems**, increasing conversion rates by 25%
- Developed user-friendly interfaces for **automated survey forms and query handling**, reducing user effort and response time by 35%
- Optimized chatbot workflows and conversation design using **AI-driven interactions and user feedback**, enhancing overall user satisfaction by 20%

Web Design

- Designed responsive and user-centric web interfaces to improve usability and overall user engagement
- Conducted SEO and content-based analysis to optimize website structure and improve search visibility
- Created wireframes, prototypes, and high-fidelity designs aligned with user needs and business goals
- Designed **50+ product** logos, enhancing brand identity and visual consistency

Awards & Certification

Awards: Rsoft - Best Performer Award - 2025, Best Performer (2024) , BlindMatrix - Quarterly Performer (2023), RR Donnelley - Best Performer (2021-2022).

Certifications: Astro Technology - Graphic Design, Traiso - UI/UX Design, Greens Technology - Front end Developer.

EDUCATION

B.Sc (Electronics and Communication Science)

April - 2018

DRBCCC Hindu College - Madras University
